

# **Floods**

# **South Australian State Emergency Service**

**Easy English** 

#### Hard words

This book has some hard words.

The first time we write a hard word

• the word is in blue

• we write what the hard word means.

## You can get help with this book

You can get someone to help you

read this book

know what this book is about

• find more information.

#### **About this book**

This book is by the South Australian State Emergency Service.

We are also called the SA SES.

This book tells you how to stay safe when there is a flood.

You might see the flood warning

• in newspapers

on TV

in posters

on the SES website

on Facebook

on Twitter.

## Warning levels

### There are 3 warning level symbols

- 1. The **Advice** symbol means
  - there might be a flood that could get worse

you are **not** in danger yet

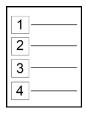

you should check for new information often.

- 2. The Watch and Act symbol means
  - the flood is more serious than before

you might be in danger

 you should start to plan next steps in case the flood gets any worse.

### 3. The **Emergency Warning** symbol means

- there is a serious flood

you are in danger

you should follow your plan and stay safe.

# 5 steps to prepare for a flood

- 1 Find out if floods are common in the area you
- work

- live
- plan to visit.

2 Know where the safe areas are, and how to get there safely.

3 Keep a list of emergency contacts.

- 4 Make an emergency kit including
  - battery powered radio
  - torch
  - spare batteries.

5 Check your home **insurance** is up to date and covers you for a flood.

Home insurance means you

a storm.

- put small amounts of money away over time
- use the money you saved at a later time if there is an emergency.
   For example, money to fix your window after

# What should you do if you see an emergency warning?

If you see a flood emergency warning

• follow your Home Emergency Plan

• find your emergency kit

• check on your neighbours.

Home Emergency Plan says what your family will do if there is a flood.

## Prepare your home

To prepare your home, you can

- put electrical items on tables and benches
- put important items on tables and benches
- tie things down so they cannot float.
   For example, plastic furniture or a BBQ.

 block toilets and drains with sandbags to stop sewage backflow.

Check the news for information, updates and tips to stay safe.

# What should you do if there is a flood?

If there is a flood you should

• never drive, ride or walk in floodwater.

• contact your neighbours

check the news

• be ready to **evacuate**.

Evacuate means leave your house until it is safe to be at home again.

It is safe to act early in a flood because roads can close when the flood gets worse.

Always listen to emergency services for help to stay safe in a flood.

# What should you do when you get home after a flood?

When you get home after a flood there are things you must do to be safe.

When you get home from a flood

 turn electricity and gas off before you go inside the house

 use a torch to look through the inside of your house

 look for damage to the windows, walls and roof

When you get home after a flood there are things you should **not** do.

For example,

 do not let children play in or near floodwater

 do not drink tap water until health experts tell you it is safe

 do not use gas or electrical appliances until they are checked for safety.

Electrical appliances are things you use in your home that plug into power such as

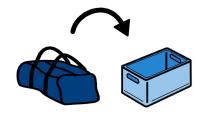

kettle

- iron
- hair dryer.

# **Emergency kit checklist**

You can save time in an emergency if you already have an emergency kit packed.

Check your emergency kit includes

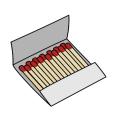

battery powered radio with spare batteries

battery powered torch with spare batteries

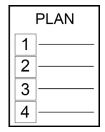

• first aid kit

candles and waterproof matches

• important papers with contact numbers

a copy of your Home Emergency Plans

• waterproof bag for important items.

phone and charger

- medications
- clothing and strong shoes
- special things your family might need
- toiletries such as soap and a toothbrush

- prescriptions
- non perishable food and drinking water.

Prescriptions are notes from the doctor that let you get medicine.

Non perishable food means food that will **not** go off.

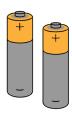

If you have pets don't forget their leads, food and bowls.

# Tips

• keep a list of emergency contacts nearby

• keep your emergency kit in a waterproof box

make sure everything in the kit is up to date.
 For example, check batteries do **not** expire.
