SEVERE WEATHER ADVICE

Time Message Issued: 10:50 AM

Date Message Issued: 04/11/2015

SES advises that the Bureau of Meteorology has forecast heavy rains and winds across large parts of South Australia from about lunchtime today. This may result in localised flooding in Adelaide and the Mid North regions.

The public is urged to closely monitor the media for updates on the risk of flash flooding.

The public will be provided targeted emergency warnings should the likelihood of flash flooding increase or flash flooding occur.

The SES is distributing sandbags today between 11am and 1pm to home and business owners who may be impacted by the severe weather. Details can be found on the SES website www.ses.sa.gov.au.

SES advises you should:

- not drive, ride or walk through floodwater
- keep children and yourself clear of creeks and storm drains, and
- stay indoors, away from windows, while conditions are severe.

<Message Ends>

This message must not be broadcast after: 4 November 2015 17:00

For media enquiries telephone the SES Media Line on (08) 8211 6176

For SES response in floods or storms telephone 132 500

If the matter is life threatening telephone 000 (triple zero)
